SUMMARY

Motivated B.Tech Information Technology student with experience in AI, Generative AI, Full-Stack Development, and software engineering. Proficient in Python, Java, React, FastAPI, SQL, and MongoDB, with hands-on experience building AI-driven applications through projects, hackathons, and a GenAI internship. Passionate about solving real-world problems and continuously learning emerging technologies.

PROJECTS

AI Adaptive Learning Platform 🌐, *Emotion-Aware Learning Analytics using Deep Learning* 02/2026 – 04/2026
- Developed an AI-powered adaptive learning platform using **React, Django, TensorFlow, OpenCV, and MediaPipe** to analyze learner engagement and provide personalized learning insights.

Forest Emergency Communication System (FECS) 🌐 04/2026 – 05/2026
LoRa-Based Off-Grid Emergency Communication Network
- Developed a LoRa mesh communication system using ESP32, SX1278 (LoRa), GPS, and MQTT for emergency communication in areas without cellular connectivity.
- Implemented real-time location sharing and distress messaging for disaster and forest rescue scenarios.

AWARDS

First Prize – NOOB HACKFEST 2026(₹25,000), *SRM Institute of Science and Technology (SRM IST)* 04/2026
Developed an AI-powered Adaptive Learning Platform recognized for innovation in personalized learning.

Second Prize – IoT Project Expo, *Saranathan College of Engineering* 11/2025
- Developed an IoT-based Driver Drowsiness Detection System for real-time fatigue detection.

SKILLS

Programming: C, Java, Python | AI/ML: TensorFlow, Prompt Engineering |
IoT & Embedded Systems : ESP32, MQTT, LoRa | Backend: FastAPI, Node.js | Database: MongoDB |
Tools: Git, GitHub, VS Code

CERTIFICATES

NPTEL - Big Data Computing(2025) , Human Computer Interaction(2026) |
BigLearn – Generative AI Internship (2026)

INTERNSHIP

GenAI Intern | BigLearn 07/2026 – 07/2026 | Trichy
• Completed a one-month internship on Generative AI, LLMs, and Prompt Engineering.

LANGUAGES

English | Tamil

EDUCATION

Saranathan college of engineering, *B.Tech Information Technology* 07/2023 – 05/2027 | Thiruchirapalli
CGPA(7.79)

Government Higher Secondary School, *12th* 06/2022 – 04/2023 | Nagapattinam
(77.5%)
